ther Mandarin.
This man, who attended on Shung pao during and he himself had warned the defendant on a his campaign in Shanse Honan, &c. was also in previous occasion, when she when administered

be resisted—by private shopmen, who, when transport Opium into the interior. This rem Court of Summary Jurisdiction, Oct. 18th. by asked the price of an article, might first triction China wisely made, believing that opining the charge their customers, so much for telling observation. I gather that in Peking and them and then are reached and them, and then so much for the goods. The generally in the North of China smoking private shopman might not find it easy to enforce his charge, as the customer might after their labours. I find many Mandarine extends the customer might after their labours. I find many Mandarine exresist it, on the ground that it was unjust. pend annually 100 Tle on Opium. I met one or two Chih-heens possessing a good deal of land, itself), is its own judge of its own justice, and who mentioned this to me. Of the thirty candidatet Shou-kni for the Chou-jen I met in Peking, can carry out the new principle whether the 25 at least had an opium pipe, more particularly public appreciates its beauty or not. The the well to do among them, and those who were major ab auxility of taxing business at all in a hard working and intelligent would now and again smoke some opium, particularly in their leisure. I do not say a large quantity. I find absurdaties as have just been noticed seem that it is quite common for Chinese to spend by comparison hardly worth attention; but I tael of silver, 6s, 5d. per month, £3 17s. per annum; 2 taels per month, £7 14s, per annum; we should not be surprised, as the Act comes 3 taels per month, £11 11s. per annum, acinto operation, if some of the pettier grievances | cording to their means, and also I find that and annoyances create more indignation and 100 taels, £32 Is. 8d. per annum is an average bad blood than a broad view of the whole than I have mentioned. The Chinese people measure, all the indirect effects of which may are far more frugal in all their, habite than we Europeans; they are indeed a good people, I speak of the Northern peoples particularly. They are nationt, industrious, and temperate,

the smoking of opium I imagine is engendered to a great extent by the isolation common in China and all Asiatic countries, as there are great numbers who smoke opium, So on the other hand there are vast numbers who do not his claim \$10. He admitted that his monthly While attempting to show truthfully some No plausible excuse can be put forward, as now tacts connected with opium as interesting, par-that the act is in force their views are naturally ticularly as its trade is so great. I also wish to prethat the act is in force their views are naturally serve the Chinese, the northern people) who stronger against it than they were last year, serve the Chinese, the northern people) who counted the cost. He did not see that there has inconvenience and expense has already had possess so many good qualities, from having was any more due him than had been admitted its effect in many quarters, and in the Banking those virtues entirely overshadowed by this one by the defendant, and he must consequently establishments I understand that it is difficult evil. The Chinese habits of temperance are The remonstrances of "5. G.," who writes a letter given in another column, against the conduct of the Banks in charging a fee to cover the amount of the Stemp on small bills of exchange, are scarcely fair to the Banks, a most harsh measure to bade as the reserve to bade as the reserve and that it is difficult to be praced. The Chinese are so give judgment to that amount, and in view of the conduct of the Banks in charging a fee to hours in fact the expense is considered by good as a people, fee so industrious, that they could exist, and do actually exist without much said of Government. They are perhaps the only nation at present in existence who could live, a most harsh measure to bade as the reserve.
